

WORKSHEET

Module 1: What This Actually Is

Get crystal clear on the model before you start.

1. Why this model fits you

In your own words, why are you exploring a phone-based income stream right now?

2. What you're letting go of

Cross out anything below you used to think you needed:

- My own product
- A warehouse
- A huge following
- Paid ads
- Fancy tech skills
- To show my face

3. The four-step loop

- Find a high-paying offer
- Post short-form content
- Send people through my link
- Get paid commissions

4. My commission target

If one \$500 sale = 100 low-ticket sales, what's the smallest commission you'd accept per offer?
